MMR_0529 Charles D. Harmon

Chuck Harmon is associated with the Pacific Coast Region of the National Model Railroad Association (NMRA).

Chuck Harmon created the San Joaquin Central layout in HO scale. This impressive model railroad features intricate details and realistic scenes. He also serves as the Contests Chair for the Daylight Division of the Pacific Coast Region NMRA.

His role involves organizing and overseeing model railroad contests. The Pacific Coast Railway was one of the first railroads in the area. Constructed in 1882, it connected Port Harford. Chuck Harmon's work has contributed to preserving the history and modeling of this railway.
